Peer Review Policy

Each paper published in this volume was evaluated by three peer reviewers. The authors addressed all of the reviewers' comments to the satisfaction of both the technical editor(s) and the ASTM Committee on Publications.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of these peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution of time and effort on behalf of ASTM.
This publication, *Exterior Wall Systems: Glass and Concrete Technology, Design, and Construction*, contains papers presented at two separate symposia on Exterior Wall Systems. The first was held in New York in 1988, and the second was held in Chicago in 1989. The symposia were sponsored by ASTM Committee E-6 on Performance of Building Constructions (see Overview for names of cosponsors and other contributors). Barry Donaldson, Tishman Research Corp., was symposia chairman and was editor of this publication.
