Foreword

This publication, *Hazardous and Industrial Waste Management and Testing: Third Symposium*, contains papers presented at the International Symposium on Industrial and Hazardous Solid Wastes, which was held 7–10 March 1983 in Philadelphia, Pa. This symposium was the third in a series of annual symposia on hazardous waste sponsored by ASTM Committee D-34 on Waste Disposal and was also the first international conference in this series.

Chairing the event were Larry P. Jackson, Western Research Institute, who also served as one of the editors of this publication, and Carlo Merli, Institute of Applied and Industrial Chemistry, University of Rome. In addition, Alan R. Rohlik, Standard Oil Co. (Ohio), and Richard A. Conway, Union Carbide Corp., also served as editors of this publication.
