Foreword

The symposium on Temperature Effects on Concrete was held in Kansas City, Missouri, on 21 June 1983. The event was sponsored by ASTM Committee C-9 on Concrete and Concrete Aggregates. Tarun R. Naik, of the University of Wisconsin at Milwaukee, presided as chairman of the symposium and also served as editor of this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
