Foreword

The Symposium on Water Quality Parameters—Selection, Measurement, and Monitoring was held on 19-21 November 1973 at the Canada Centre for Inland Waters in Burlington, Ontario, Canada. The symposium was cosponsored by the Canada Centre for Inland Waters and the Analytical Chemistry Division of the Chemical Institute of Canada. Silvio Barabas, Canada Centre for Inland Waters, presided as the general chairman.

This publication was sponsored by the American Society for Testing and Materials' Committee on Publications.
